Our water. Our land. Our future.

COMMENT DEADLINE

JULY 31, 2026

THE TK ANGUS PERMIT IS NOT FINAL

DWEE has issued a notice of intent to approve. The agency says it will review written comments before making a final decision.

WHAT IS PROPOSED

4,999

swine weighing 55
pounds or more

600

feeder cattle already at
the operation

2

new buildings with
underfloor deep pits

124885

DWEE Facility ID

WHY PEOPLE ARE ASKING FOR MORE REVIEW

- Baseline and ongoing groundwater and private-well monitoring
- Full manure and nutrient calculations, including enough application acreage
- Leak detection, emergency response, storage and mortality-management plans
- Clear agency findings, responses to public comments and a public hearing

A NOTICE OF INTENT IS NOT THE FINAL DECISION.

Send an evidence-based comment asking DWEE to deny or delay approval until the unanswered technical and monitoring questions are resolved.
